

Join our study on Coordinating care for families

We want to learn how healthcare teams and community services work together with parent(s) or caregiver(s) to coordinate supports for young children

Are you eligible to participate?

I am a parent or primary caregiver of at least one child aged 0 to 8 years old and live in Fort St James or the surrounding area. I have experienced social and/or economic factors that may have impacted my ability to access or receive services.

or

I am a service provider who works with children aged 0 to 8 years old and their parent(s) / caregiver(s) in Fort St James or surrounding area.

Time Commitment: Approximately 1 hour conversation, in person or virtually

If you are interested in participating or learning more about this research please contact Erica, the project lead or fill out the interest form by scanning the QR code.
